Cancellation of Paris Air Show 2021

Dear NAG-members,

It has been announced today that the Paris Air Show 2021 has been cancelled. The show was supposed to take place in June 2021 and the NAG was working on a strong Dutch Pavilion. We had already garnered the support of the Ministry of Defense, the Ministry of Economic Affairs, the Topsector HTSM and the Dutch Embassy in Paris. The show was going to be the relaunch of the sector and the opportunity to showcase the Dutch industry, innovations and sustainable solutions. It was the opportunity next year to showcase our members, their products, expertise and resilience and the Dutch system of cooperation between the industry, knowledge institutes and government.

It is our aim to organise alternative activities to offer alternative opportunities to bring you in contact with your customers. Together with the Dutch diplomatic network, our members and our international partners, we hope to organise online and in person, large and small scale events that will give you the opportunity to meet the relevant partners, customers and organisations. We will be in touch in January to discuss the specifics of these activities.

If you have any questions, please don't hesitate to contact us.
